TRAFFIC & SAFETY CATALOG

APEX SIGN STAND

- Rugged and reliable deploys quickly, folds small and is economical.
- Telescoping legs adjust for maximum stability on uneven terrain and road shoulders.
- Mechanical pin leg release.
- Roll-Up signs attach to the APEX sign stand with a universal spin-handle.

MATERIAL WT.
GALV STEEL 20LBS.

TRIPOD STAND

The E-55 tripod is made of tubular steel, has a simple, durable design, is very economical and holds both rigid and roll-up signs.

MODEL NO.
E-55

ROLL-UP TEMPORARY TRAFFIC SIGNS

- Maximum visibility at long distances.
- Super Bright comes in multiple colors.
- Super Bright fluorescent pink color is recommended for Incident Management applications.

- Signs are constructed of UV stable vinyl.
- Non-reflective vinyl roll-ups are for daytime use only, they are not intended for use during night operations or low light conditions.
- Because non-reflective vinyl roll-up are for daytime use only, they are not intended for long-term work zone applications.

MANY SIGN LEGENDS AVAILABLE

WORK AREA TRAFFIC CONES

18"

28"

36"

CONE BARS

Field adjustable cone bars are durable, reusable, easy to use and fit over traffic cones using built-in plastic ring.

PEDESTRIAN SIGNS BASE AND SIGN

Ideal for protecting pedestrians and school children in crosswalks. Frame and base separate upon impact minimizing damage to sign face and base. Standard and custom legends available

FLAGGER-HELPER™ STOP/SLOW PADDLES

DETACHES WITH A
SIMPLE BUTTON PRESS

STOP / SLOW faces are available in many reflective combinations. ABS and PVC Staffs are lightweight and come in different lengths to help minimize operator fatigue and increase visibility for operator safety.

The Support-Staff minimizes operator fatigue and increases visibility, improving operator safety.
