

RoadMax

9100 SERIES

Traffic Drums

Our durable orange barrels are designed to withstand the rigors of daily use and provide clear, visible guidance to drivers. Easy to set up and move, traffic drums are a safe and reliable solution for any construction or road maintenance project. Protect your workers and improve traffic flow with traffic drums today.

FEATURES

- Rounded ergonomic handle for easy access with a comfortable grip
- Recessed reflective band tiers for long-lasting protection of sheeting
- Four anti-rotation claws will keep drums facing traffic
- Built-in sheeting edge protector guards against wear during stacking
- Five-tier design for better visibility in heavy traffic
- Double light mounts on handle for added convenience
- Domed top sheds debris and water
- Ribbed bottom lip for easy base attachment
- Two-piece top & base design allows dragging without separation
- Two-piece breakaway feature allows controlled separation on impact
- UV-stabilized bright orange polyethylene protects from sun damage

Base NOT included; order separately

DRUM-NS-MAX	ROADMAX Drum with no sheeting

Eastern Metal Brand Black Base Traffic Cones

Introducing the latest technologically advanced and superior traffic cone - the black base cone. Our cone is specially designed with new grip technology to prevent slippage during handling and features interior bands for quick release stacking. This cone boasts a fade-resistant finish and outperforms other cones with its Cold and Hot Temperature Formulation, making it perfect for any climate.

With a 16-lug base, the black base cone offers superior support and reduced base cracking during runner incidents. The unique base also improves friction, preventing skidding during placement. Our black base cone creates a new class of traffic cones that are crash-proof and built to last. We prioritize your safety by delivering high-visibility, durable, and high-quality traffic cones.

FEATURES

- Injection-molded for supreme durability
- New grip technology for easier handling
- Interior bands and wide base design reduce stacking issues
- Cold and Hot Temperature Formulation provides superior winter and summer performance
- Superior Fluorescent Pigment gives unmatched fade resistance
- Base and conical sections interlocked and fused to provide integral design
- 16 lug base provides additional support and reduced cracking during runners
- New base design increases friction to prevent skidding
- NCHRP 350/MASH certified
- Meets MUTCD standards

TC2 SERIES: ORANGE WITH BLACK BASE

MODEL NO.	HEIGHT	BODY STYLE	WEIGHT
